# Styles of Dance

## *Jazz*

Jazz is a commercial style of dancing that incorporates technique such as kicks, turns and leaps and is great for developing flexibility and fitness. Often associated with musicals such as Chicago or Fame, jazz is also the style used by pop stars such as Kylie Minogue, Madonna and Britney Spears and often features in pop concerts, opening ceremonies and music videos.

## *Contemporary/Lyrical*

Contemporary / Lyrical combines the techniques of jazz, contemporary and ballet. It is a creative dance form that combines a strength with a sense of release. It invites dancers to use their bodies to interpret the music. Choreography usually tells a story or portrays a theme. The "lyrical" side generally refers to the expressive, melodic and highly emotional quality of dance. Dancers gain fluidity of movement, grace and control.

## *Classical Ballet*

Ballet is the foundation of all dance technique. Ballet classes focus on building technique, strength, flexibility, alignment and core stability. These classes are recommended for all dancers to provide an understanding of the body and movement, and to build a strong foundation of dance technique.

## *Creative Dance*

This class is designed for children aged 3 – 4. It is a creative movement class that is a combination of Jazz, Tap and Ballet. This class focuses on fun and play based learning using lots of props to guide the learning process in development of co-ordination, balance, awareness of body and space, musicality, rhythm and confidence.

## *Pointe*

Pointe is part of classical ballet technique made possible by pointe shoes. This class has a strong focus on building ankle and leg strength. Dancers must participate in ballet class and be recommended to join pointe. Please consult our ballet teachers before enrolling for this class.

## *Hip Hop*

Hip Hop is a broad category that includes a variety of urban dance styles. Constantly evolving from the earlier styles of breaking, locking and popping, hip hop is a free, funky and soulful expression of movement used by artists such as Usher, Ne-Yo, Chris Brown and Rihanna.

## *Silver Swans™*

Silver Swans™ Ballet is for adults age 40+ which focuses on the same foundations as Classical Ballet but is tailored for more mature bodies. It will help improve mobility, posture, coordination and energy levels.

## *Tap*

This style of dance is very enjoyable to learn and focusses on the rhythm that is kept by the noise of the dancer's shoes on the floor. Tap dancing is often seen in movies or in musicals such as Tap Dogs and Aladdin.

## *Dance to your own tune*

This is a class designed for children aged from 18 months to 3 years old. It is a creative movement class with a focus on fun and play based learning, using props to guide the learning process in development of co-ordination, balance, awareness of body and space, musicality, rhythm and confidence.

## *Acrobatics*

With a focus on stretching, strength, conditioning and flexibility, acrobatics will develop core strength as well as teach lifts, tumbling and balancing positions, giving great improvement to the dancer's agility.

# Enrolments

Thank you to everyone who has returned their 2019 enrolment form already. If you have not yet handed your enrolment form back, please do so as soon as possible as this secures your place for the year. You can also enrol using the form on the EK Dance Academy website – [www.ekdanceacademy.com](http://www.ekdanceacademy.com). If you are unsure of which class your child should be enrolling in, please do not hesitate to speak with Erin regarding this. Please read the timetable carefully as there have been some changes in class times for 2019.

Please be aware that the Ballet classes are based on ability not age. In the first few weeks of Term 1, we will trial all ballet students and move them into the correct class levels based on their ability.

Please note that the age limits on the classes are only an approximate guide and students who wish to move up an age group must be invited to do so by Erin. A class move will depend entirely on the skill and ability, participation and attitude of the individual student and their previous dance experience. Please do not assume a move to the next level will be automatic because of age.

# Important Information

## Competitions

In 2019 EK Dance Academy will again be entering students into Onstage Performing Arts Dancing Competitions. These competitions give students a chance to perform in front of an audience at various times throughout the year and also help your children improve as they compete against many other performers in their age group.

Competitions are run in the April, July and September school holidays over both weeks. We will definitely take part in the April competitions, and depending on the level of interest, decide on the others. Participation in competitions is not compulsory.

All students have an opportunity to enter; however, please note that rehearsals for the April competition will be held on various days during Term 1 (dates and times will be confirmed early in 2019). Students who wish to take part in competitions must be available at the times specified. No other classes will be scheduled for competition practice, if dates and times do not suit.

Students are only permitted to perform a competition in a style of dance that they have experience in. Please let me know if you would like to be involved in competitions and in what styles of dance by 18th December 2018. This will give me a chance to sort out rehearsal schedules and music. Competitions can be danced as solos, duos, trios and troupes and cater for many dance styles including Jazz, Tap, Ballet, Neo-Classical, Slow Modern and Song and Dance.

## Examinations

EK Dance Academy will be participating in the Commonwealth Society of Teachers of Dancing Exams and the Royal Academy of Dance Ballet Exams in 2019. All exam participants are invited by me to take part. If you wish your child to be considered for an exam, please indicate your interest on the enrolment form and I will provide more information as the year progresses.

Please Note: Students aged 8yrs and upwards will not be permitted to do an exam unless they participate in a ballet class, as this is the foundation for all dancing styles.

## Drop Off / Pick Up

At our new studio we are fortunate to have a dedicated undercover drive-through drop off / pick up area at the front of the studio. Parking is limited so we would be grateful if, wherever possible, parents could utilize the drop off and pick up zone. Students will of course be supervised until parents arrive to collect their child.

# Tips and Tricks

## Personal Development

To enhance your own development at EK Dance Academy the following is suggested:

- Arrive early to class to go through the previous week's choreography with other dancers, warm-up and stretch.
- Stretch at home every day for 10mins to increase flexibility. You can do this whilst on the phone, watching TV, studying, etc...
- Practice your routines and progressions at home. It is recommended that you practice within 1 day of learning the material so that you don't forget it.
- Ask your teacher for the song title and artist so you can download it, or bring a CD to class for the teacher to copy it for you.
- Join the ballet class. Ballet is the basis for virtually all dance and you will notice a huge improvement in your technique if you learn ballet.
- Go to musical and dance performances, watch dance related movies and TV shows – you can learn so much from watching others.
- Listen to the feedback your teacher gives with a positive attitude, ask questions in class for clarification if you don't understand something.

*We want you to be the best dancer you can be!*

## Some Useful Tips

- Where possible arrive at class at least 10 minutes early to warm-up, stretch or practice choreography. Be mindful of other classes which may be taking place at the time and please keep voices down.
- Bring a water bottle to every class.
- Don't be shy... Always ask your teacher for clarification if you are unsure of anything. They are always happy to help.
- Parents and friends are invited to "Watching Week" which is held in the last week of each term. During the term, classes are not open for viewing.
- Mobile phones in class should not be seen or heard! Give yourself an hour to immerse yourself in dance and switch off from the outside world.
