## At EK Dance Academy we offer the following Dance Styles:

**Jazz:** Jazz is a commercial style of dancing that incorporates techniques such as kicks, turns and leaps and is great for developing flexibility and fitness. Often associated with musicals such as Chicago or Fame, jazz is also the style used by pop stars such as Kylie Minogue, Madonna and Britney Spears and often features in pop concerts, opening ceremonies and music videos.

**Tap:** This style of dance is very enjoyable to learn and focusses on the rhythm that is kept by the noise of the dancer's shoes on the floor. Tap dancing is often seen in movies or in musicals such as Tap Dogs and Aladdin.

**Classical Ballet:** Ballet is the foundation of all dance technique. Ballet classes focus on building technique, strength, flexibility, alignment and core stability. These classes are recommended for all dancers to provide an understanding of the body and movement, and to build a strong foundation of all dance techniques.

See "Important Information for Ballet" on page 10.

**Pointe:** Pointe is part of classical ballet technique made possible by the wearing of pointe shoes. This class has a strong focus on building ankle and leg strength. Dancers must participate in a ballet class and be recommended to join pointe. Please consult our ballet teachers before enrolling for this class.

**Contemporary / Lyrical:** Combines the techniques of jazz, contemporary and ballet. Contemporary / Lyrical is a creative dance form that combines strength and a sense of release. It invites dancers to use their bodies to interpret the music. Choreography usually tells a story or portrays a theme. The "lyrical" side generally refers to the expressive, melodic and highly emotional quality of dance. Dancers gain fluidity of movement, grace and control.

**Creative Dance (3-4 years):** This class is designed for children aged 3 - 4. It is a creative movement class that is a combination of Jazz, Tap and Ballet. This class focuses on fun and play based learning using props to guide the learning process in development of co-ordination, balance, awareness of body and space, musicality, rhythm and confidence.

**Hip Hop / Funk:** Hip Hop is a broad category that includes a variety of urban dance styles. Constantly evolving from the earlier styles of breaking, locking and popping, hip hop is a free, funky and soulful expression of movement used by artists such as Usher, Ne-Yo, Chris Brown and Rihanna.

**Progressing Ballet Technique:** Progressing Ballet Technique (PBT) is a program developed by Marie Walton-Mahon to help students advance in all dance forms by training muscle memory. PBT focuses on core stability, weight placement and alignment. Students require a yoga mat, fit ball, TheraBand, a medium ball and small ball for the class. This class does not participate in our end of year concert

**Silver Swans (Adult Ballet):** Silver Swans Ballet is for adults which focuses on the same foundations as Classical Ballet but is tailored for more mature bodies. It will help improve mobility, posture, coordination and energy levels.

**Acrobatics:** With a focus on stretching, strength, conditioning and flexibility, acrobatics will develop core strength as well as teach lifts, tumbling and balancing positions, giving great improvement to the dancer's agility. See "Important Information for Acrobatics" on page 11. The Tiny Tots Acrobatics class does not participate in our end of year concert.

**Musical Theatre:** This class focuses on development of singing, acting, dancing and movement skills in a variety of musical theatre performing styles. Students will learn and perform songs and scenes from a variety of musicals and Broadway shows.

**Pilates:** Mat Pilates is a strengthening and lengthening form of exercise that focuses on your core (trunk) muscles while also training your arms and legs. This class does not participate in our end of year concert.

**Strength and Conditioning:** Strength and Conditioning is the selection and development of dynamic /static exercises used to improve physical performance. It is the practical application of sports science to enhance movement quality. This class does not participate in our end of year concert.

**Parent and Me – Level 1 (18 months – 2.5 years):** These classes are fun! They have been specifically designed to focus on the key areas of development for children aged 18months – 2.5 years old. Lessons require Mum, Dad or a carer to participate to provide that added security and assist with the settling phase of this tender age group. The wonderful thing about Parent and Me classes is that we are very inclusive. You will find both mums and dads and also grandparents, aunties, and family friends in attendance at class. This class does not participate in our end of year concert.

Our aim is to ease our little budding dancers into a class environment and give them a fun and stress-free experience, whilst also introducing them to some of the core foundations of dance. Our teachers take a nurturing approach and provide lots of direction through parents and carers, as we are mindful that many of these little students are experiencing a structured class environment for the very first time and may still be peaking with stranger awareness.

**Parent and Me – Level 2 (2.5 years – 4 years):** In this class, parents and carers now take a step back as the children dance independently in the class, although we do invite you to remain in the studio and watch. Whilst it is a progression of the Parent and Me Level 1 programme and builds on the foundations, Level 2 offers a unique and totally different syllabus with new and engaging themes. As the imaginative process has usually started to develop for children of this age, we focus on extending their creativity and providing our little students with opportunities to further explore their own imagination through dance and music. Our primary aim, as always, is to develop the grounding foundations of dance in a fun and engaging way. This class does not participate in our end of year concert.

## **Changing Classes**

Please note that the age limits on the classes are only an approximate guide and students who wish to move up an age group must be invited to do so by Erin. A class move will depend entirely on the skill and ability, participation and attitude of the individual student and their previous dance experience. Please do not assume a move to the next level will be automatic because of age.

## Drop Off / Pick Up / Parking

At our studio we are fortunate to have a dedicated undercover drive-through drop off / pick up area at the front of the studio. Parking is limited so we would be grateful if, wherever possible, parents could utilize the drop off and pick up zone. Please drive slowly (5kms/hour) through our "Kiss and Drop" area. Students will of course be supervised until parents arrive to collect their child. Please do not park on the lawn area as you may damage the reticulation.

## Waiting / Homework / Warm-Up Room

At our premises, EK Dance offers a designated room where students can wait between classes. This room can be used for warming up, relaxation or homework and has some books and magazines that the students can access whilst they wait quietly for their class to begin. It is expected that students act in an appropriate manner and are respectful whilst using this space. It is not a play room.

## St John Safe Organisation

EK Dance Academy is a fully accredited St John safe organization. With an onsite defibrillator, multiple large first aid kits and first aid training and safety policies that have been signed off by St John Ambulance senior staff, we are proud to be a safe space for everyone to come and learn the art of dance.

## **Child Safe Organisation**

EK Dance Academy prides itself on being a Child Safe Organisation with a child safe portfolio in place. Our role as dance teachers and the influence we have on our students' future, extends far beyond what goes on inside the studios. We are a mentor, counsellor, role model and many other things to our students and have a responsibility to protect our children & inspire the next generation of dancers to be the best they can be. Our student's safety & well-being is a main priority; their technical capability is secondary. We have an obligation to keep our children safe.

#### **Term Fees**

Within the first two weeks of each term, I will issue an invoice to the students with the term fees. It would be appreciated if payment could be made as soon as possible but no later than week 3 of each term. If for any reason (including injury, illness or holidays) your child misses a class, no refund or credit will be given, as our fees are charged on a term by term basis. Our prices are worked out across the year which means the term fees do not change depending on the number of weeks each term. The price is the same every term.

#### Concert 2024

## **Presentation Day**

There will be no classes the week after the concert, however, our Presentation Day and Break-Up Party will be held the following weekend Saturday 23rd November 2024. The venue, time and other details will be advised at a later date. At the party we will be presenting awards, concert certificates and examination awards. The 2024 concert recording, and the 2025 timetable and enrolment forms will also be given out on that day. The Presentation Day is a great way to wind down our year at EK Dance Academy and to wish our EK Dance family a safe and happy Christmas and Festive Season.

## Competitions

In 2024 EK Dance Academy will again, subject to any government restrictions due to Covd-19, be entering students into Onstage Performing Arts Dancing Competitions (in April only) should there be enough interest. These competitions give students a chance to perform in front of an audience at various times throughout the year and also help your children improve as they compete against many other performers in their age group.

Competitions are run in the April, July and September school holidays over both weeks. We plan to take part in the April competitions, and depending on the level of interest, decide on the others. Participation in competitions is not compulsory.

All students have an opportunity to enter, however, please note that rehearsals for the April competition will be held on various days during Term 1 (dates and times will be confirmed early in 2024). Students who wish to take part in competitions must be available at the times specified. No other classes will be scheduled for competition practice, if dates and times do not suit. <u>Competition students must also take part in the Saturday Strength and Conditioning class in term 1.</u>

Students are only permitted to perform a competition in a style of dance that they have experience in. Please let me know if you would like to be involved in competitions and in what styles of dance, by Wednesday 13th December 2023. This will give me a chance to sort out rehearsal schedules and music and plan for developing the choreography for each dance. Competitions can be danced as solos, duos, trios and troupes and cater for many dance styles including Jazz, Tap, Ballet, Neo-Classical, Slow Modern and Song and Dance.

## Examinations

EK Dance Academy will be participating in the Commonwealth Society of Teachers of Dancing Exams and the Royal Academy of Dance Ballet Exams in 2024. All exam participants need to be invited by me to take part. Participation in examinations is based on the ability of the dancer. If you wish your child to be considered for an exam, please indicate your interest on the enrolment form and I will provide more information as the year progresses.

**Please Note:** Students aged 8yrs and upwards will not be permitted to do a Jazz and Tap exam unless they participate in a ballet class, as this is the foundation for all dancing styles.

#### **Injuries or Illness:**

Please advise your teacher before class if you have a physical condition that will prevent you from participating fully in class. In the event that an injury, illness or holiday prevents a students from attending class as normal, **no refund, credit or make-up class will be issued.** 

#### Lateness/Absences:

All money received on the purchase of 2nd hand shoes, is remitted to the parent of the student who placed the shoes in the box.

#### Choreography

Choreography taught in classes is the property of EK Dance Academy and is not to be used outside for teaching or performance purposes without permission. Should you wish to use any choreography, please check with Erin first.

## **Personal Development**

To enhance your own development at EK Dance Academy the following is suggested:

- Arrive early to class to go through the previous week's choreography with other dancers, warm-up and stretch.
- Stretch at home every day for 10mins to increase flexibility. You can do this whilst on the phone, watching TV, studying, etc...
- Practice your routines and progressions at home. It is recommended that you practice within 1 day of learning the material so that you don't forget it. Ask your teacher for the song title and artist so you can download it.
- Join the ballet class. Ballet is the basis for virtually all dance and you will notice a huge improvement in your technique if you learn ballet.
- Go to musical and dance performances, watch dance related movies and TV shows you can learn so much from watching others.
- Listen to the feedback your teacher gives with a positive attitude, ask questions in class for clarification if you don't understand something. We want you to become the best dancer you can be!!

## Some Useful Tips

Where possible arrive at class at least 10 minutes early to warm-up, stretch or practice choreography. Be mindful of other classes which may be taking place at the time and please keep voices down.

- Bring a water bottle to every class.
- Don't be shy.... Always ask your teacher for clarification if you are unsure of anything. They are always happy to help.
- Mobile phones in class should not be seen or heard! Give yourself the time to immerse yourself in dance and switch off from the outside world.
- No jewellery we don't want anything to break or anyone to get injured.
- No fringe in face wiping hair from face will be a distraction and can be a bad habit.
